

Mountain T.O.P.

CAVING

The Caving Adventure:

Anyone of average fitness level is able to go on the adventure as long as he or she is willing.

Lost Creek Cave has many large rooms with ceilings up to 80 foot high.

\$25 per person
3 hrs in the cave
We provide headlamps and helmets

IT IS LIKE CLIMBING A MOUNTAIN, BUT ON THE INSIDE...

If you have a willing attitude and an adventurous heart, then caving is for you!

We will all venture together and explore this amazing cave!

We will be in the cave for a few hours, not too long, but not too short. There are several huge rooms and a beautiful waterfall inside! The cave was originally carved out by water flowing through it. Now the main pathways are the remains of dried up riverbeds and the natural breakdown of the cave. Most of the cave can be ex-

plored without having to crawl. But if you are interested, there are some tunnels and a few tight squeezes. It will be the darkest environment you have ever experienced, but our head lamps will light the way.

Let us guide you to experience what the Lord has created on this beautiful Earth!
